How to contribute?

Submit content

This Platform aims to help the European circular economy community to exchange ideas, strategies, good practices, knowledge etc. more efficiently. It relies on your contributions.

Do you have interesting experiences, publications or events to share with circular economy stakeholders? Please submit them to our editorial team using the forms below.

You can submit several pieces of content; simply **make sure to use one separate form per submission.**

Thank you for contributing and helping us making this platform a lively and useful resource.

*Wondering how we select **good practices** for actual publication on the website?* You can check our guidelines **here.**

Please note that you remain responsible for the accuracy and veracity of the information that you submit for publication, and that publication on this website does not constitute endorsement by the European Commission nor the European Economic and Social Committee, unless otherwise specified.
